Discipleship Questions

1. The message of the Parable of the Rich Fool is centered on challenging each of us to examine the focus of our heart. As you consider how you invest your time and resources what is the dominant pursuit of your life? As you reflect on your answer how might God be leading you towards change?
2. The man who makes the request of Jesus, along with the man in the parable, were so focused on getting what they thought they deserved that they couldn't see, nor be grateful for, the blessings God had given them. Is there anything in your life that you need to thank God for that you have been either taking credit for or taking for granted? How does gratitude influence your life going forward?
