Pt 3: Trusting Not to Sink

Scripture: Matthew 14:22-33

Discipleship Questions

1. The disciples find themselves in a storm in which they are fearful. From their perspective, things looked grim — that was until Jesus appeared and delivered them. During difficult times do you look to God to help you, or do you rely on your own strength and resources? How might trusting God with the impossible bring a sense of peace to your life?
2. Jesus sent the disciples to cross the Sea of Galilee and dismissed the crowds. This would have given Jesus time to be alone with God the Father. When was the last time you spent time alone with God? How would making time to be alone with God this week bless you? What do you need to do for that to be a reality?
