Scripture: Genesis 22:1-18

### Discipleship Questions

1. Abraham was asked to do the unthinkable, to sacrifice the very blessing that God had blessed Him with. If we have been blessed by God, how hard do we hold on to those blessings? Do we let those blessings become stumbling blocks in our relationship with God? What are we willing to give up, in order to follow God?
2. As we look at our daily schedules, and our current stages in life, where does God fit in? Where can we make more room for God? Is there anything taking up our time, that is taking us away from our relationship with God, that we need to let go of and choose instead to devote our time and focus to God (through devotionals, prayer, reading scripture, joining a Bible study)?
