Discipleship Questions

1. Jesus taught His disciples to store up for themselves treasure in heaven by using their finances to expand God's Kingdom. Upon reflecting on how you use your money in this life, what reward awaits you when you step into eternity? What steps can you take to begin laying up for yourself treasure in heaven?
2. Imagine a life in which you never needed to worry about money. That's the life Jesus wants His followers to experience. The key to finding freedom from financial worry is by learning to trust God daily for our needs. As you reflect on how you manage your finances (i.e., how you earn, use, and save) does it reflect trust in God's ability to provide? In what way might God be challenging you to trust Him on a deeper level with your finances?
